WELCOME FROM THE PRESIDENT

Dear Friends:

This is an occasion of profoundly mixed emotions for all of us. On one hand, there is the pride, excitement, and immeasurable hope that come with the culmination of years of effort and success at the University of Connecticut.

But on the other hand, there is the recognition that this year is different. For the first time since 1914, the University of Connecticut is conferring its graduate and undergraduate degrees without our traditional ceremonies.

It is my sincere hope that you see this moment as an opportunity rather than a misfortune. As the Greek Stoic philosopher Epictetus observed, "Difficulties show us who we are." This year our University, our state, our nation, and indeed our world have faced unprecedented difficulties. And now, as you go onward to the next stage of your journey, you have the opportunity to show what you have become in your time at UConn.

Remember that the purpose of higher education is not confined to academic achievement; it is also intended to draw from within those essential qualities that make each of us an engaged, fully-formed individual – and a good citizen. There is no higher title that can be conferred in this world, and I know each of you will exemplify it, every day.

This is truly a special class that will go on to achieve great things. Among your classmates are the University's first Rhodes Scholar, the largest number of Goldwater scholars in our history, and outstanding student leaders on issues from climate action to racial justice to mental health. I fully expect to read about you being just as transformational in your post-collegiate endeavors, and maybe if I'm lucky enough to stay in touch, to hear about those achievements in person.

I am truly sorry to not have the opportunity to celebrate with you in person in your final year and my first year at UConn, but the fact that you are moving on and I am not is, I trust, a sign of success for us both. Today is not an ending: it is a beginning. And as you begin to apply your knowledge and passion to the world's challenges, I hope you will always carry with you the fondest memories of your days here at the University of Connecticut. Remember: you are students today, but Huskies forever.

Congratulations and very best wishes,

A handwritten signature in black ink that reads "Thomas C. Katsouleas". The signature is fluid and cursive.

COMMENCEMENT NOTES

Commencement Day at the University of Connecticut is a time of ceremony and pageantry, embracing traditions dating back to medieval times.

The University of Connecticut was founded as the Storrs Agricultural School in 1881 when the General Assembly accepted a gift of money and land from Charles and Augustus Storrs, natives of Mansfield. In 1893 when it became a land-grant college and officially opened to women, the name was changed to Storrs Agricultural College. As the mission of the institution grew, its name was changed in 1899 to Connecticut Agricultural College, and in 1933 to the Connecticut State College. At first a small but vigorous college with limited undergraduate offerings in agriculture, home economics and mechanical arts, with the development of a university program it became The University of Connecticut in 1939. The Graduate program began in 1935, and in 1949 the University awarded its first doctoral degrees. The regional campuses were established in 1946 to accommodate the influx of veteran students. Today, the University is made up of fourteen different schools and colleges. Through its administrative Divisions, Institutes, and Centers, the University is a Land Grant and Sea Grant College and a Space Grant Consortium Institution, privileged to serve the citizens of the State of Connecticut, and beyond.

Enormous expansion has taken place over the years together

with increased enrollment. Today, the University has an enrollment of over 32,333 students. At Storrs, there are over 23,900 undergraduates and more than 8,433 graduate students, representing some 103 nations.

This May, the University will award over 8,912 degrees. Of these, approximately 6,335 will be Bachelor's degrees, 1,877 Master's degrees, 2 Doctor of Juridical Science, 146 Juris Doctor degrees, 83 Master of Laws degrees, 75 Doctor of Pharmacy degrees, 52 Doctor of Dental Medicine degrees, 102 Doctor of Medicine degrees, 4 Doctor of Musical Arts degrees, 11 Doctor of Audiology, 4 Doctor of Education degrees, 11 Doctor of Nursing Practice degrees, 32 Doctor of Physical Therapy degrees, and 468 Doctor of Philosophy degrees. Also to be awarded are 61 diplomas in Professional Education and 34 Associate's degrees in the two-year Ratcliffe Hicks School of Agriculture.

The Commencement Ceremony, because of the large number of graduates, is divided into separate exercises, by college or school. The Schools of Dental Medicine and Medicine, located in Farmington, and the School of Law, located in Hartford, hold their own exercises. The Commencement procession in each of the exercises at Gampel Pavilion in Storrs is heralded by the ceremonial trumpets, acquired especially for the University's commencement.

The Academic Procession is led by the Bearer of the Mace, followed by the faculty. The University Marshal, identified by her Baton, follows the President, together with the speaker, the Board of Trustees, vice-presidents, deans, and other University officials. The Mace is presented at the center of the stage while members of the platform party enter and take their places. Once the Mace is placed on the stand, it signals the beginning of the ceremony.

The Academic Gowns, Hoods and Regalia represent more than elegance or colorful attire. Academic caps and gowns continue a tradition which reaches far back into the early days of the oldest universities of the Middle Ages. The early European universities were founded by the church; the students, being clerics, were obliged to wear prescribed gowns and caps at all times. Caps and gowns were once common forms of clothing and were retained by the clergy when the laity adopted more modern dress. Hoods are lined with the official color of the college or university which conferred the degree. The velvet edging of the hood varies in length for bachelors, masters, and doctoral degrees. The color represents the appropriate degree. The tassel for the Bachelor's and Master's degree may be of color distinctive to the degree, and the tassel for the doctoral degree may be made of gold thread. The gown and hood of the University Marshal were made specifically for University ceremonies in the official colors of national flag blue and white. The Processional Marshals wear blue velvet "beefeater" berets.

The Mace is presented at all academic ceremonies. In medieval times maces were weapons of warfare, but today a mace is "a staff borne by, or carried before, a magistrate or other dignitary as an ensign of his authority." It is the emblem and symbol of the President's authority to administer the University. This mace was first used at the Inauguration of President Homer D. Babbidge, Jr. on October 20, 1962. It was designed by Nathan Knobler, former head of the Department of Art. The University's early seal, executed in beautiful wood carving, appears on both faces. A penny dated 1881 is affixed to it, to commemorate the date of the University's founding.

The Baton, carried by the University Marshal, was specifically designed for ceremonial activities at The University of Connecticut and was first used at the Commencement in 1968. The Office of Marshal can also be traced back to the medieval period, and the Baton is a symbol of the Marshal's authority. This Baton has silver mountings and is surmounted by a representation of the University's former seal in enamel, which itself incorporates the coat of arms of the State of Connecticut. The University Marshal, carrying the Baton, follows the Mace

Bearer as she leads the academic procession into and out of the place of ceremony.

The Silver Collar/Medallion, worn by Thomas Katsouleas, President, was first used in 1964, at the time of the University's Silver Anniversary. Each link on the collar represents one of the University's Schools or Colleges and consists of a cloisonné circle engraved with an appropriate design for the particular school and enameled with its traditional school or college colors. Hanging from the chain is a large silver medallion containing the University's early seal.

The Awarding of Degrees at the University of Connecticut is accomplished by a threefold process. First, the candidates for degrees of each respective school or college are presented by the University Marshal. The candidates proceed to the front, receive their diploma covers, are congratulated by their administrative officers, and return to their seats. Second, the School or College Marshal then officially presents the candidates to the Dean who acknowledges the candidates and declares the appropriate degree. Third, when all candidates have been duly presented, the President of the University (or the highest ranking official of the University in attendance) formally confers the appropriate degree. This is accomplished verbally at the time that he speaks the words:

"By virtue of the authority vested in me by the Trustees of The University of Connecticut, and in accordance with the procedures and regulations of the University, I confer upon you the Associate's Degree, appropriate Bachelor's Degree, Master's Degree, Sixth Year Diploma, or degree of Doctor for which you have been presented at this One Hundred and Forty First Commencement of The University."

The Recessional of the officials and faculty is once again led by the Mace Bearer and University Marshal. The graduates, along with the audience, are requested to remain seated until the recessional is concluded.

ACADEMIC HONORS

University Scholar

The University Scholar designation is the highest scholastic honor at the University. The individualized undergraduate programs of these students, which in some cases include work toward a graduate degree, are supervised by faculty committees. Up to thirty students are selected as University Scholars in the junior year. Candidates for the University Scholar designation wear medals on gold and blue ribbons at the Commencement exercises.

Honors Scholar

Honors Scholars are outstanding students who complete intensive two- or four-year programs, including Honors courses of unusual breadth and depth. Honors requirements include a senior thesis in the major field. Candidates for the Honors Scholar designation wear medals on blue and white ribbons at the Commencement exercises.

Please Note: An asterisk () after a graduate's name indicates that they are a candidate for dual degrees.*

LATIN HONORS

In order to meet Commencement program printing deadlines, the Undergraduate candidates listed in the Commencement program include candidates with expected graduation dates of August 2019 through August 2020.

The University will base candidates' Latin honors (cum laude, magna cum laude, and summa cum laude), as indicated in the Commencement program, on their cumulative grade point averages (GPA) as calculated at the time of printing. Candidates' diplomas and official transcripts will reflect the actual Latin honor earned, if any, based on their complete academic record (through and including their final semester).

LAU = Cum Laude
MAG = Magna Cum Laude
SUM = Summa Cum Laude

Note: Because final semester grades are processed after Commencement activities, identification of Latin Honors in the University's Commencement Program are tentative and unofficial, pending the submission and calculation of all final grades for the graduate's final semester. There is no guarantee that the listed students will actually receive the honors once final grades are recorded.

Jordan Angela McShane

DOCTOR OF PHYSICAL THERAPY

Ethan Robert Aresta
Caitlyn Leigh Ayotte
Jillian Chongruk
Jacob Chwiedz
Amy Elizabeth Demers
Matthew Steven Edwards
Laura Michelle Frechette
Nicole Emilie Furman
Marie Hall
Emma Rose Hart
Sydney Houseworth
Christina Joerg
Sara Amy Jose
Kaitlin Keeley
Thomas William Mango
Joseph Alexander Marini

Megan McCollum
Grace Yong McCormick
Nicholas Vincenzo Metaxas
Allison Milutinovic
Sarina Moghadam
Haunz J. Murdoch
Kaitlyn Murray
Kathryn Lee Newton
Colin Mitchell Sauter
Jack Sullivan
Yarden Ariel Tepper
Joseph Michael Tessitore
Brittany Lynn Toscano
Kevin T. Tucker
Marcus Armando Vesprini
Jacqueline Wolff

DOCTOR OF EDUCATION

Francis Apaloo, in Educational Leadership
Major Advisor: Casey D. Cobb
Doctoral Dissertation: Teacher Support: The Potential
Mediator Between School Belonging and Academic
Achievement Among Ninth Graders

Gail Lanza, in Educational Leadership
Major Advisor: Sarah L. Woulfin
Doctoral Dissertation: Teachers' Self-efficacy When Managing
Disruptive Student Behaviors and its Influence on Teacher
Burnout

Israel Velez, in Educational Leadership
Major Advisor: Erica Fernandez
Doctoral Dissertation: Inequity and Resistance: Latinx students
and the College Readiness Process

December 15, 2019

Lisa Marie Sepe, in Educational Leadership
Major Advisor: Sarah L. Woulfin
Doctoral Dissertation: I Don't See Color: The Nature of a
Team of Teacher's Ideology of Whiteness

DOCTOR OF MUSICAL ARTS

Evan Glickman, in Music: Performance
Major Advisor: Louis R. Hanzlik
Doctoral Dissertation: Iannis Xenakis' Persephassa: The Realization of Divergent Post-War European Musical Trends in the Formation of Percussion Literature

Brian Matthew Stevens, in Music: Conducting
Major Advisor: James D. Spillane
Doctoral Dissertation: Chiaroscuro: A Study of Diversity and Contrast in the Large-scale Choral Works of Fredrik Sixten Set in Historical Forms

Mo Tian, in Music: Performance
Major Advisor: Alain Frogley
Doctoral Dissertation: Piano Writing in Franz Liszt's Four Versions of Petrarch Sonnet No.104: Performance and Poetic Expression

Janet Nicole Zimmerman, in Music: Performance
Major Advisors: Constance J. Rock and Alain Frogley
Doctoral Dissertation: Isabelle Aboulker's Femmes en Fables: Contemporary French Music and the Young Singer

DOCTOR OF NURSING PRACTICE

Jessica Cave
Jamal Daniels
Suzanne Nicole Franzoni-Kleeman
Katie Rose Grigg
Patricia Pearl Mason

Jessica Mauro
Laura Lorraine McKenna
Krista Roberts
Rosemary Ann Moody Swanke

December 15, 2019

Jamie Kate Gooch

Christopher Jung Hoo Yi

DOCTOR OF PHILOSOPHY

Dina Abdelhafiz Hussein Abdelhafiz, in Computer Science and Engineering
Major Advisor: Reda A. Ammar and Sheida Nabavi
Doctoral Dissertation: Deep Learning Systems for Automated Lesion Detection, Segmentation, and Classification in Mammography

Sama Abdulmalik, in Biomedical Engineering
Major Advisor: Sangamesh G. Kumbar
Doctoral Dissertation: Evaluation of the Potential Role of Exendin-4 to Promote Tendon Healing and Regeneration

Joshua Abreu, in Learning, Leadership, and Education Policy: Leadership and Policy
Major Advisor: Milagros Castillo-Montoya
Doctoral Dissertation: Transformative Pedagogy in Higher Education: A Multi-Case Study of Criminology/Criminal Justice (CCJ) Professors

Awanti Acharya, in Geography
Major Advisor: Dean M. Hanink
Doctoral Dissertation: Evaluating the Impact of Curb Appeal, House Flipping and Urban Amenities on Single-family House Price

Laura Achieng Achola, in Chemistry
Major Advisor: Steven L. Suib
Doctoral Dissertation: Development and Mechanistic Investigation of Mixed Metal Oxides (MMOs) and Nanocomposites as Multi-Functional Catalysts

Scott Ian Adamson, in Biomedical Science: Genetics and Developmental Biology
Major Advisor: Brenton R. Graveley
Doctoral Dissertation: Functional Characterization of Empirically Identified Splicing Regulatory Elements

Hussain Mobarak Albarakati, in Computer Science and Engineering
Major Advisor: Reda A. Ammar
Doctoral Dissertation: Efficient Embedded Computing System for Underwater Real-Time Applications

Yara Aljahlan, in Speech, Language and Hearing Sciences
Major Advisor: Tammie Spaulding
Doctoral Dissertation: Circumventing Attentional Shifting Weaknesses in Children with Developmental Language Disorder: Using Movement to Promote Word Learning

Kyle Allaire, in Mathematics
Major Advisor: Dmitry Leykekhman
Doctoral Dissertation: Discrete Maximal Parabolic Regularity for Galerkin Finite Element Methods

Aerielle Mari Allen, in Psychological Sciences: Social Psychology
Major Advisor: Felicia Pratto
Doctoral Dissertation: On Being Woke and Knowing Injustice: Scale Development and Psychological and Political Implications

Ryan Jay Allred, in Communication
Major Advisor: Ross W. Buck
Doctoral Dissertation: Cell Phone Presence, Phubbing and Rejection: Antecedents and Effects of Cell Phone Usage During Face-to-Face Communication

Fahad Hamoud Alqahtani, in Computer Science and Engineering
Major Advisor: Ion I. Mandoiu
Doctoral Dissertation: Algorithms for Mitochondrial Genome Assembly and Haplogroup Assignment from Low-Coverage Whole-Genome Sequencing Data

Abdullatif A A S Alrashdan, in Business Administration: Management
Major Advisor: David Souder
Doctoral Dissertation: Three Essays on Alliance Management and Instability

Abdulrahman Khalil Alshegaifi, in Computer Science and Engineering
Major Advisor: Chun-Hsi Huang
Doctoral Dissertation: Energy-efficient Cache Architecture Towards Extreme-Scale Computing Systems

Areej Khudhran Althubaity, in Computer Science and Engineering
Major Advisor: Song Han
Doctoral Dissertation: Towards Detecting Routing-based Internal Attacks in 6TiSCH Architecture

Zahra Amirkhanzadeh Barandouzi, in Nursing
Major Advisor: Xiaomei Cong
Doctoral Dissertation: Biomarkers of Emotional Distress in IBS Patients

Sumit Athikavil Suresh, in Materials Science and Engineering
Major Advisor: Avinash M. Dongare
Doctoral Dissertation: Mesoscale Modeling of Cold Spray Deposition of Metal Powders

Matthew Lucas Baczkowski, in Polymer Science
Major Advisor: Gregory A. Sotzing
Doctoral Dissertation: Exploring the Effect of Nitrogen Containing Aromatic Heterocycles on the Dielectric Properties of Polyimides

Paul Joseph Barnett, in Educational Psychology: Cognition, Instruction and Learning Technology
Major Advisor: James Kaufman
Doctoral Dissertation: Creative Problem Solving: Constraint Identification and Creativity

Antonio Barocci, in Geography
Major Advisor: Kenneth Foote
Doctoral Dissertation: A Geography of Repression

Alicia Veronica Barriga, in Agricultural and Resource Economics
Major Advisor: Richard Dunn
Doctoral Dissertation: Essays on Agriculture, Migration and Health

Michael Christopher Bartch, in English
Major Advisor: Charles W. Mahoney
Doctoral Dissertation: Crafting Difficulty Poetic Articulation and the Public Intellectual in Nineteenth-Century Britain

Tithi Basu Mallik, in Philosophy
Major Advisor: William Lycan
Doctoral Dissertation: Self-Deception Proper

Dawn Elizabeth Beamer, in Geological Sciences
Major Advisor: Lisa Park Boush
Doctoral Dissertation: Climate Change and Culture in the Bahamas during the Medieval Climate Optimum

Courteney Benjamin, in Kinesiology: Exercise Science
Major Advisor: Douglas J. Casa
Doctoral Dissertation: The Impact of Heat Acclimatization Induction and Intermittent Exercise-Heat Exposures on Physiological Adaptations

Tanesia Robyn Beverly, in Educational Psychology: Research Methods, Measurement, and Evaluation
Major Advisor: Eric O. Loken
Doctoral Dissertation: Using Statistical Techniques to Understand the Within-Person Relationship Between Speed and Accuracy

Ruth Anne Book, in English
Major Advisor: Brenda J. Brueggemann
Doctoral Dissertation: Dwelling Together: The Ethics of a Writing Program in a Moment of Change

Eleonora Boscolo Suteu, in Italian
Major Advisor: Philip W. Balma
Doctoral Dissertation: *Social Engagement in Italian Pulp Literature: Literary and Cinematic Trends in the 1990s*

Linda Boshans, in Physiology and Neurobiology
Major Advisor: Akiko Nishiyama
Doctoral Dissertation: Reprogramming of NG2 Cells into Gabaergic Neurons by Transcription Factor Dlx2

Rebecca Ann Bova, in Molecular and Cell Biology: Microbiology
Major Advisor: David R. Benson
Doctoral Dissertation: Characterizing the Role the BipA Plays During Cellular Adaptation in *Escherichia coli*

Nathan Bryant Braccio, in History: United States
Major Advisor: Nancy Shoemaker
Doctoral Dissertation: Parallel Landscapes: Algonquian and English Spatial Understandings of New England, 1500-1700

Latanya Temika Brandon, in Curriculum and Instruction: Secondary Education: Science Education
Major Advisor: John Settlage
Doctoral Dissertation: Equitable Leadership Practices of Teacher Leaders in Secondary Science

Carmen R. Britton, in Human Development and Family Sciences
Major Advisor: Laura Mauldin
Doctoral Dissertation: Women's Experiences of Disability and Community-Based Rehabilitation in Sri Lanka

Elizabeth Brown, in Polymer Science
Major Advisors: Douglas Adamson and Richard S. Parnas
Doctoral Dissertation: Improvement at the Mechanical and Electrical Properties of Polymer/Graphene Composites

Meghan Brown, in English
Major Advisor: Martha Cutter
Doctoral Dissertation: Performing Americanness: Music and Nationality in 20th Century U.S. Literature

Stephanie Renee Barnes Brown, in Animal Science: Food Microbiology and Safety
Major Advisor: Dennis D'Amico
Doctoral Dissertation: Antimicrobial Interventions for the Control of *Listeria monocytogenes* in Cheese and their Impact on Virulence

Melissa Kathleen Brundin, in Molecular and Cell Biology: Structural Biology, Biochemistry and Biophysics
Major Advisor: Nathan N. Alder
Doctoral Dissertation: Protein-Membrane Interactions of the Tim23 Channel Subunit of the Mitochondrial Protein Import Machinery

Janelle Karen Bryan, in Social Work
Major Advisor: Michael Fendrich
Doctoral Dissertation: Intimate Partner Violence Screening among Barbadian Health Care Professionals: Applying the Integrated Behavioral Model

Mary Buchanan, in Geography
Major Advisor: Carol Atkinson-Palombo
Doctoral Dissertation: Exploring Landscape Futures for Local Food Production in Northeastern Connecticut

Emma Lynn Burris-Janssen, in English
Major Advisor: Margaret R. Higonnet
Doctoral Dissertation: Fugitive Figurations: Criminal Abortion and the British Novel

Xingyu Cai, in Computer Science and Engineering
Major Advisor: Sanguthevar Rajasekaran
Doctoral Dissertation: Effective Algorithms for the Closest Pair and Related Problems

Gabriel Camacho, in Psychological Sciences: Social Psychology
Major Advisor: Diane M. Quinn
Doctoral Dissertation: The Perceived Validity of Attributing Underperformance to Stereotype Threat

Lucinda Canty, in Nursing
Major Advisor: Ivy M. Alexander
Doctoral Dissertation: It's Not Always Rainbows and Unicorns: The Lived Experience of Severe Maternal Morbidity among Black Women

Sonia Elena Chavez, in Polymer Science
Major Advisor: Luyi Sun
Doctoral Dissertation: Improvement of Nanostructured Coating from One-Step Co-assembly

Chen Chen, in Chemical Engineering
Major Advisor: Georgios Bollas
Doctoral Dissertation: Model-based Efficiency Analysis of Power Plants with Carbon Footprint Constraints

Chengsheng Chen, in Chemistry
Major Advisor: Mark W. Pecuh
Doctoral Dissertation: Diversification of Functionalized [13]-macrodilactones

- Feiyang Chen**, in Chemistry
Major Advisor: Douglas Adamson
Doctoral Dissertation: Electrically Conductive 2D Sheets Stabilized Screen Printing Ink
- Julia Chen**, in Psychological Sciences: Clinical Psychology
Major Advisor: Marianne L. Barton
Doctoral Dissertation: Gesture Use in Toddlers with and without Autism Spectrum Disorder: Gestural Differences and Developmental Predictors
- Liming Chen**, in Pharmaceutical Sciences: Pharmacology and Toxicology
Major Advisor: Xiaobo Zhong
Doctoral Dissertation: Roles of Long Non-coding RNA's in the Expression and Function of Hepatic P450's
- Longtu Chen**, in Biomedical Engineering
Major Advisor: Bin Feng
Doctoral Dissertation: Understanding DRG Neuromodulation to Address Peripheral Visceral Hypersensitivity
- Weijia Chen**, in Mechanical Engineering: Applied Mechanics
Major Advisor: Dianyuan Zhang
Doctoral Dissertation: An Integrated Flow-Curing Model for Predicting Residual Stresses in Textile Composites
- Xin Chen**, in Biomedical Science: Immunology
Major Advisor: Derya Unutmaz
Doctoral Dissertation: Role of Glucose Metabolism in Human T cell Activation
- Junyoung Cho**, in Learning, Leadership, and Education Policy: Sport Management
Major Advisor: Jennifer E. McGarry
Doctoral Dissertation: An Examination of White Male Supremacy on Employers' Evaluations During Hiring Processes in Sport Organizations and what Personal Traits Moderate the Effect
- Dakota Wayne Cintron**, in Educational Psychology: Research Methods, Measurement, and Evaluation
Major Advisor: Dorothy E. McCoach
Doctoral Dissertation: Statistical Estimation of Large Ordinal Factor Analysis Models
- Tracey Anne Cobb**, in Nursing
Major Advisor: Jacqueline M. McGrath
Doctoral Dissertation: NICU, PICU, and Pediatric Nurses Perceptions of Neonatal Palliative Care
- Kelly Ann Coleman**, in Kinesiology: Exercise Science
Major Advisor: Stephanie M. Mazerolle
Doctoral Dissertation: Secondary School Athletic Trainers: Examining Leadership Development
- Ciara Marie Collins**, in Human Development and Family Sciences

ARMED SERVICES COMMISSION

Each year, the President of the United States, through the Secretary of Defense, grants commissions to Connecticut students in the Regular Service and in the Reserve Components.

Air Force Reserve Officer Training Corps

The following have received a commission as Second Lieutenants through the Air Force ROTC program at the University of Connecticut.

OUSMAN N. DIALLO
*University of Connecticut
Cyberspace Operations Officer*

ALEX M. GHAJAR
*University of Connecticut
Pilot Candidate*

LUKAS A. GORSKI
*University of Connecticut
Cyberspace Operations Officer*

BRITTANY F. MARSON
*University of Connecticut

The official seal of the University of Connecticut depicts the ancient and mighty oak. Beautiful and sacred, the venerable oak symbolizes wisdom, longevity and hospitality. To Aristotle, the oak represented human potential.

The oak holds a special place in Connecticut's history. In a time long before statehood, the Connecticut colony's self-governing status was guaranteed by a charter issued by King Charles II of England. When, in 1687, his successor King James II attempted to reinstate the monarchy's authority, the Crown's emissary's efforts were foiled as the Royal Charter was secretly spirited to a temporary hiding place—a majestic oak in Hartford, forever after known as the Charter Oak. The oak became a symbol of freedom worldwide.

The oak has unique meaning for the University as well. In 1884, the commencement exercises of the second graduating

class of the Storrs Agricultural School were held in an oak grove on the Storrs campus. This grove, long a favorite gathering place for a variety of open-air meetings, served as the spiritual home to the growing community of scholars.

The University of Connecticut's graphic interpretation of the oak is a stylized synthesis of two acorns and three oak leaves, representing maturation, intellect and moral strength. The seal is the symbol of a large and diverse institution; it is used by all of the University's schools, colleges, regional campuses, professional schools and UConn Health. It communicates the broader mission of the University as a center for the pursuit, the creation, and the sharing of knowledge. The University of Connecticut, like the mighty oak, is rooted in a proud past and reaches toward a limitless future.
