WELCOME FROM THE PRESIDENT

Dear Friends:

Few things bring me greater pleasure than being able to formally congratulate you on the culmination of your years of effort, endeavor, and achievement at the University of Connecticut.

When you cross the stage at commencement, you will join more than 270,000 alumni worldwide, fellow Huskies who have shaped and improved our world in countless ways, from the heights of industry and public service to the daily joys and responsibilities of life in communities both large and small.

It is my hope that during your time at UConn, you were able to experience what is truly unique and special about being a Husky, whether that meant participating in a service project, dancing the night away for a good cause at HuskyTHON, cheering on our teams, or helping yourself to Dairy Bar ice cream at the annual One Ton Sundae event.

I am also aware of the many challenges you have overcome in your time here, from the expected rigor of academic work in a top public research university to the unprecedented events of the last three years in our nation and world.

As Huskies, the values and strengths you developed here helped you overcome those challenges, and they will continue to serve you well throughout the course of your life.

In the years to come, I ask only that you let those values steer you back home to UConn on a regular basis. By this, I mean not only attending alumni gatherings and sporting events, but keeping us up to date on your successes and triumphs, of which there will be many. Your friends, your peers, and your professors will benefit from this, but so will future generations of Huskies, who will look to you as mentors, models, and inspirations.

As you embark on the next chapter in life, I wish you the fulfillment of all the promise a UConn degree brings, and the immeasurable joy that comes with hard-won accomplishment.

Once again: congratulations! Huskies FOREVER!

Cheers,

COMMENCEMENT NOTES

Commencement Day at the University of Connecticut is a time of ceremony and pageantry, embracing traditions dating back to medieval times.

The University of Connecticut was founded as the Storrs Agricultural School in 1881 when the General Assembly accepted a gift of money and land from Charles and Augustus Storrs, natives of Mansfield. In 1893 when it became a land-grant college and officially opened to women, the name was changed to Storrs Agricultural College. As the mission of the institution grew, its name was changed in 1899 to Connecticut Agricultural College, and in 1933 to the Connecticut State College. At first a small but vigorous college with limited undergraduate offerings in agriculture, home economics and mechanical arts, with the development of a university program it became The University of Connecticut in 1939. The Graduate program began in 1935, and in 1949 the University awarded its first doctoral degrees. The regional campuses were established in 1946 to accommodate the influx of veteran students. Today, the University is made up of fourteen different schools and colleges. Through its administrative Divisions, Institutes, and Centers, the University is a Land Grant and Sea Grant College and a Space Grant Consortium Institution, privileged to serve the citizens of the State of Connecticut, and beyond.

Enormous expansion has taken place over the years together

with increased enrollment. Today, the University has an enrollment of over 32,096 students. At Storrs, there are over 18,983 undergraduates and more than 8,020 graduate students, representing some 114 nations.

This May, the University will award over 8,186 degrees. Of these, approximately 5,588 will be Bachelor's degrees, 1,705 Master's degrees, 163 Juris Doctor degrees, 63 Master of Laws degrees, 71 Doctor of Pharmacy degrees, 51 Doctor of Dental Medicine degrees, 112 Doctor of Medicine degrees, 5 Doctor of Musical Arts degrees, 10 Doctor of Audiology, 4 Doctor of Education degrees, 18 Doctor of Nursing Practice degrees, 28 Doctor of Physical Therapy degrees, and 294 Doctor of Philosophy degrees. Also to be awarded are 49 diplomas in Professional Education and 25 Associate's degrees in the two-year Ratcliffe Hicks School of Agriculture.

The Commencement Ceremony, because of the large number of graduates, is divided into separate exercises, by college or school. The Schools of Dental Medicine and Medicine, located in Farmington, and the Schools of Law and Social Work, both located in Hartford, hold their own exercises. The Commencement procession in each of the exercises at Gampel Pavilion in Storrs is heralded by the ceremonial trumpets, acquired especially for the University's commencement.

The Academic Procession is led by the Bearer of the Mace, followed by the faculty. The University Marshal, identified by his Baton, follows the President, together with the speaker, the Board of Trustees, vice-presidents, deans, and other University officials. The Mace is presented at the center of the stage while members of the platform party enter and take their places. Once the Mace is placed on the stand, it signals the beginning of the ceremony.

The Academic Gowns, Hoods and Regalia represent more than elegance or colorful attire. Academic caps and gowns continue a tradition which reaches far back into the early days of the oldest universities of the Middle Ages. The early European universities were founded by the church; the students, being clerics, were obliged to wear prescribed gowns and caps at all times. Caps and gowns were once common forms of clothing and were retained by the clergy when the laity adopted more modern dress. Hoods are lined with the official color of the college or university which conferred the degree. The velvet edging of the hood varies in length for bachelors, masters, and doctoral degrees. The color represents the appropriate degree. The tassel for the Bachelor's and Master's degree may be of color distinctive to the degree, and the tassel for the doctoral degree may be made of gold thread. The gown and hood of the University Marshal were made specifically for University ceremonies in the official colors of national flag blue and white. The Processional Marshals wear blue velvet "beefeater" berets.

The Mace is presented at all academic ceremonies. In medieval times maces were weapons of warfare, but today a mace is "a staff borne by, or carried before, a magistrate or other dignitary as an ensign of his authority." It is the emblem and symbol of the President's authority to administer the University. This mace was first used at the Inauguration of President Homer D. Babbidge, Jr. on October 20, 1962. It was designed by Nathan Knobler, former head of the Department of Art. The University's early seal, executed in beautiful wood carving, appears on both faces. A penny dated 1881 is affixed to it, to commemorate the date of the University's founding.

The Baton, carried by the University Marshal, was specifically designed for ceremonial activities at The University of Connecticut and was first used at the Commencement in 1968. The Office of Marshal can also be traced back to the medieval period, and the Baton is a symbol of the Marshal's authority. This Baton has silver mountings and is surmounted by a representation of the University's former seal in enamel, which itself incorporates the coat of arms of the State of Connecticut. The University Marshal, carrying the Baton, follows the Mace

Bearer as he leads the academic procession into and out of the place of ceremony.

The Silver Collar/Medallion, worn by Radenka Maric, President, was first used in 1964, at the time of the University's Silver Anniversary. Each link on the collar represents one of the University's Schools or Colleges and consists of a cloisonné circle engraved with an appropriate design for the particular school and enameled with its traditional school or college colors. Hanging from the chain is a large silver medallion containing the University's early seal.

The Awarding of Degrees at the University of Connecticut is accomplished by a threefold process. First, the candidates for degrees of each respective school or college are presented by the University Marshal. The candidates proceed to the front, receive their diploma covers, are congratulated by their administrative officers, and return to their seats. Second, the School or College Marshal then officially presents the candidates to the Dean who acknowledges the candidates and declares the appropriate degree. Third, when all candidates have been duly presented, the President of the University (or the highest ranking official of the University in attendance) formally confers the appropriate degree. This is accomplished verbally at the time they speak the words:

"By virtue of the authority vested in me by the Trustees of The University of Connecticut, and in accordance with the procedures and regulations of the University, I confer upon you the Associate's Degree, appropriate Bachelor's Degree, Master's Degree, Sixth Year Certificate, or degree of Doctor for which you have been presented at this One Hundred and Forty Fourth Commencement of The University."

The Recessional of the officials and faculty is once again led by the Mace Bearer and University Marshal. The graduates, along with the audience, are requested to remain seated until the recessional is concluded.

ACADEMIC HONORS

University Scholar

The University Scholar designation is the highest scholastic honor at the University. The individualized undergraduate programs of these students, which in some cases include work toward a graduate degree, are supervised by faculty committees. Up to thirty students are selected as University Scholars in the junior year. Candidates for the University Scholar designation wear a golden medal on a gold and blue ribbon at the Commencement exercises.

Honors Scholar

Honors Scholars are academically talented and highly motivated students who complete intensive two- to four-year programs, including Honors courses of unusual depth in the major field. Honors Scholars must demonstrate engagement in their major field and complete a departmentally-approved Honors thesis/Honors capstone project. Candidates for the Honors Scholar designation wear a silver medal on a blue and white ribbon at the Commencement exercises.

Honors Scholar and University Honors Laureate

Honors Scholars and University Honors Laureates are academically talented and highly motivated students who complete intensive two- to four-year programs. As Honors Scholars these students participate in Honors courses of unusual depth in the major field and complete a departmentally-approved Honors thesis/Honors capstone project. Honors Scholars show engagement in their major field through projects that support their professional development. Honors Scholars who complete additional academic and co-curricular requirements also earn the University Honors Laureate designation. This award recognizes breadth in Honors work, as well as engagement and involvement in a variety of communities. Candidates for the Honors Scholar and University Honors Laureate designations wear a white enamel and silver medal incorporating both awards on a blue and white ribbon at the Commencement exercises.

Please Note:

An asterisk () after a graduate's name indicates that they are a candidate for dual degrees.*

LATIN HONORS

In order to meet Commencement program printing deadlines, the Undergraduate candidates listed in the Commencement program include candidates with expected graduation dates of August 2022 through August 2023.

The University will base candidates' Latin honors (cum laude, magna cum laude, and summa cum laude), as indicated in the Commencement program, on their cumulative grade point averages (GPA) as calculated at the time of printing. Candidates' diplomas and official transcripts will reflect the actual Latin honor earned, if any, based on their complete academic record (through and including their final semester).

LAU = Cum Laude
MAG = Magna Cum Laude
SUM = Summa Cum Laude

Note: Because final semester grades are processed after Commencement activities, identification of Latin Honors in the University's Commencement Program are tentative and unofficial, pending the submission and calculation of all final grades for the graduate's final semester. There is no guarantee that the listed students will actually receive the honors once final grades are recorded.

SCHOOL OF ENGINEERING COMMENCEMENT SPEAKER AND HONORARY DEGREE RECIPIENT

John C. Mather

Dr. John C. Mather is a Civil Servant and Senior Astrophysicist in the Observational Cosmology Laboratory located at NASA's Goddard Space Flight Center. He is also the Senior Project Scientist on the James Webb Space Telescope, extending the scientific discoveries of the Hubble Space Telescope.

He received a bachelor's degree in physics from Swarthmore College in Pennsylvania. His doctorate in physics from the University of California, Berkeley led him into observations of the Big Bang.

As a National Research Council postdoctoral fellow at the Goddard Institute for Space Studies, he led the proposal efforts for the Cosmic Background Explorer mission and moved to Goddard Space Flight Center to be the lead scientist for the mission.

Mather and the Cosmic Background Explorer Satellite team showed that the cosmic microwave background radiation has a blackbody spectrum within 50 parts per million (ppm), confirming the expanding universe concept (Big Bang theory) to extraordinary accuracy. The team also measured hot and cold spots in the heat radiation; Steven Hawking said it was the greatest scientific discovery of the century, if not of all time. As winner of the 2006 Nobel Prize for Physics, Mather shares the prize with George F. Smoot of the University of California. Mather put the prize money into the John and Jane Mather Foundation for Science and the Arts. Mather also sponsors summer interns to work on science policy on Capitol Hill, through the Society of Physics Students. He is a member of the National Academy of Sciences and the American Academia of Arts & Sciences.

Cesarina Thompson, Ph.D., RN, ANEF, FASAHP

Dr. Cesarina Thompson is Dean of the College of Education, Nursing and Health Professions (ENHP) at the University of Hartford, a position she has held since 2018. She was previously Dean for six years of the School of Health Sciences at American International College (AIC) in Springfield, MA.

Dr. Thompson began her professional career as a registered nurse and practiced in acute care settings prior to pursuing a career in higher education. Dr. Thompson has over three decades of experience serving in faculty and leadership roles in institutions of higher education. Prior to assuming her first Deanship, she served as faculty and chair of the nursing department at Southern Connecticut State University and was interim associate dean of two schools at SCSU. Her teaching experience includes teaching in undergraduate and graduate nursing programs as well as doctoral programs in nursing education. She has led the development and implementation of new programs, increased the number and diversity of full-time faculty and students, oversaw successful professional program accreditation reviews, and secured funding to expand programs

and construct new facilities.

Dr. Thompson's scholarship has focused primarily on nursing education. She has conducted research and published articles on effective teaching strategies, program outcomes assessment, critical thinking, as well as articles on academic leadership. Based on her scholarship in nursing education, Dr. Thompson was inducted as a Fellow in the Academy of Nursing Education in 2010. Dr. Thompson has been involved in several state and national organizations and task forces focused on advancing nursing and other health professions. She serves as a site visitor/team leader for the Commission on Collegiate Nursing Education (CCNE), served on the Board of Directors of the Association of Schools Advancing Health Professions and was inducted as a fellow in the organization in 2021, and is a member of Sigma Theta Tau International. Dr. Thompson holds a bachelor's degree in nursing from the University of Bridgeport and earned a Master of Science in Nursing and PhD in Adult Learning from the University of Connecticut.

Angela Martinelli, Ph.D., RN, CNOR

Dr. Angela Martinelli is currently on staff at the Yale-New Haven Hospital in New Haven, Connecticut. Prior to moving to Connecticut, she was a Science Officer in the Congressionally Directed Medical Research Programs, United States Army Medical Research and Materiel Command, U.S. Department of Defense. At CDMRP she managed a mixture of Psychological Health/Traumatic Brain Injury, Lung Cancer, and Defense Medical Research and Development research grants and contracts.

Before joining CDMRP she was a Health Science Administrator at the National Institute on Alcohol Abuse and Alcoholism, National Institutes of Health (NIH), U.S. Department of Health and Human Services (DHHS) and the NIH, National Institute on Drug Abuse, Office of Science Policy (DHHS). She has also served as the Emergency Response Coordinator for the U.S. Public Health Service in the Office of the Secretary, Office of Public Health and Science, Office of Emergency Preparedness of Force Readiness and Deployment (OFRD), DHHS. Other duty assessments include Nurse Consultant at the Division of Nursing, Health Resources and Services Administration DHHS.

Dr. Martinelli was on Active Duty in the U.S. Public Health Service (1998-2015) and has also served in the U.S. Army (1988-1992), U.S. Army Reserves (1992-1998), and U.S. Air

Force (1985-1988). She received her BS at Western Connecticut State University and her master's at the University of Connecticut, and her Doctorate in Philosophy (Nursing) from the Catholic University of America in Washington, D.C. Dr. Martinelli did her Post Doctoral Studies at the University of Michigan, School of Nursing in Health Promotion and Risk Reduction with a focus on smoking and nicotine. After post-doctorate training, she taught at Boston College and then in 1998 began her career in the USPHS at the Division of Nursing in the Health Resources and Services Administration.

As a Certified Operating Room Nurse, Dr. Martinelli has worked in this clinical arena since 1975. Since 1993, she has been a nurse with Operating Smile International serving in a variety of countries in Africa, Asia, Eastern Europe, South and Central America, and the Caribbean. In addition, Dr. Martinelli she is a nurse with Project Hope and was deployed to Puerto Rico in 2017 in response to Hurricane Maria.

Dr. Martinelli is the author of several papers, textbook chapters, and is a reviewer of professional manuscripts. She is a member of the Connecticut Medical Reserve Corps, Region 5 and represents USPHS nurses on the Military Officers of America Association Nurse Advocates Virtual Chapter (MUSNAVC).

Jessica Alicea-Planas Ph.D., MS/MPH, RN, CHES

Dr. Jessica Alicea-Planas is Associate Professor at the Egan School of Nursing and Health Studies at Fairfield University, where she served previously as Director of the Undergraduate Public Health program. Other professional experiences include being a Training and Technical Assistant/Consultant for the National Center on Health, Behavioral Health and Safety where she provided health and safety trainings to all 12 regions served by the Office of Head Start, as well as a Family Childcare Health consultant for the Connecticut Nurses Association, and as a Quality Improvement Clinical Co-ordinator at Optimus Healthcare. Her nursing background is community and public health-focused and she is a certified health education specialist. She has worked for the last 25 years in low-resourced areas, locally and abroad with a focus on chronic disease management and health promotion for vulnerable populations through a health literacy and health equity lens.

Dr. Alicea-Planas received her BSN from the University of Connecticut, a Master's in Public Health from Southern Connecticut State University and completed her PhD at the University of Connecticut School of Nursing. She has conducted research and collaborated with various community agencies on multiple health promotion initiatives in the Bridgeport, CT region and has also been a team-member on community-based participatory research projects in Managua, Nicaragua and worked with migrant families in the coffee

farming regions as well. Additional projects have included a public health nursing immersion experience in Puerto Rico, faculty collaboration in Cuba, and the conduct of field studies in Guatemala, as well as an international health practicum in the Dominican Republic.

Dr. Alicea-Planas has an impressive record of dissemination of her scholarly work with 22 professional journal publications, two book chapters, two opinion editorials, 16 refereed presentations, 14 invited presentations, and seven media, interviews and social media citations. Funding of her scholarly work has included the National Network of Libraries of Medicine, The Robert Wood Johnson Foundation, and the Henry Schein Cares Foundation.

Dr. Alicea-Planas has a distinguished record of service including being the current President of the National Association of Hispanic Nurses- CT chapter. She has also served as a board member for the Hispanic Health Council and as Communications and Networking Committee Chair for the Latina Researchers Network. She has served on AACN's Essentials Work Group and their Diversity, Equity and Inclusion Work Group. Dr. Alicea-Planas was a past recipient of Fairfield University's Faculty Award for Excellence in Community Engagement.

Melinda T. Brown

Melinda Brown has over 40 years of accounting and financial experience with publicly traded global consumer product and luxury retail companies. From September 2012 until her retirement in March 2019, Melinda was Senior Vice President and Controller of Tapestry, Inc. During her tenure, she played a key role in all major initiatives, including the acquisition and integration of Kate Spade and Stuart Weitzman, major business and technology transformations, and a complete redesign of finance, control, and audit organizations.

Prior to Tapestry, Melinda spent 30 years with PepsiCo, Inc., and was a key member of the leadership team responsible for nearly 50 bottler acquisitions and integrations, the spin-offs of KFC, Pizza Hut, and Taco Bell, the bottler spin-off and re-acquisition, and the acquisitions and integrations of Gatorade, Quaker, and Tropicana. As Controller of Pepsi's \$20 billion multi-brand North America Beverage segment, Melinda also

served as the Business Lead for their North America SAP implementation, which, at the time, was the largest SAP roll-out, and piloted their first enterprise risk management program. In Melinda's final role, she led the company's North America shared services centers, and developed PepsiCo's global outsourcing strategy and business case. She currently serves on the Board of Directors of Precision BioSciences and is Chair of the Audit Committee.

Melinda holds a B.S. and MBA from the University of Connecticut. She is a CPA and member of the AICPA and Connecticut Society of CPAs. Melinda has served as Chair of the UConn Foundation Board, Foundation Audit Committee Chair, and a member of their Executive and Finance Committees. She was inducted into the School of Business Hall of Fame in 2012.

Esther Nguyen

Esther Nguyen is graduating with a Bachelor of Science major in Healthcare Management and Insurance Studies, and minor in Communication. She was named a New England Scholar from 2020 to 2022 and has been on the Dean's List for five semesters. Esther is a resident of Windsor Locks, Connecticut, and attended the Storrs campus. Although she was admitted to the University of Connecticut on the Pre-Pharmacy track, Esther discovered her ambition to serve the healthcare industry from an administrative perspective and was accepted into the School of Business in Fall of 2020.

She was awarded the following scholarships: Presidential Scholars Award for Valedictorians and Salutatorians, Irving Harris Scholarship, Orkan Olgac Memorial Scholarship, and the Middlesex Mutual Scholarship. Since Summer 2022, Esther has interned with Yale New Haven Health System and has

supported system-wide projects, specifically through operations within the Corporate Supply Chain.

At UConn, Esther was the Vice President of the Healthcare Management Society for two years and was dedicated to promoting professional development for its members and contributing to healthcare organizations in the community. Esther was also a member of the Vietnamese Students Association, the Red Cross Club, the Hellenic Students Association, and served as a student speaker for the School of Business Open House. In the spirit of driving positive change in healthcare, Esther participated in the 2020 UConn Global Health Hackathon and earned second place honors from developing a sustainable solution for vaccine distribution with her team. After graduation, Esther will join Yale New Haven Health System as a Supply Chain Project Coordinator.

SCHOOL OF SOCIAL WORK COMMENCEMENT SPEAKER

Vannessa L. Dorantes, LMSW

Vannessa Dorantes has worked for Connecticut Department of Children and Families (DCF) since 1992. She holds a bachelor's degree in Psychology from Teikyo Post University and an MSW from UCONN School of Social Work.

From 2004 until appointment as commissioner, she was an adjunct faculty member at Central CT State University where she taught elective and core competency Social Work courses. Dorantes is certified in Social Work field instruction from Southern CT State University.

She has served on the SW Advisory Boards of Central and Western CT State Universities during their CSWE (Council on Social Work Education) re-accreditation and currently on the UCONN School of Social Work Board of Advocates & Dean Search Committee.

In 2019, Governor Ned Lamont appointed Dorantes DCF Commissioner as the first African American to serve in that role for the state of Connecticut. Now in her second term, she manages an annual operating budget over \$868M (plus an additional \$35M in American Rescue Plan Allocation —ARPA), Commissioner Dorantes oversees a workforce of 3200 across 2 children's psychiatric facilities, 14 Field Offices, Central Office divisions and an adventure-based, clinically-supported Wilderness School.

Commissioner Dorantes CoChairs Connecticut's Alcohol & Drug Policy Council and the Governor's Council on Women & Girls. She is also Chair of the National Association of Public Child Welfare Administrators (NAPCWA).

Commissioner Dorantes has had the distinct privilege of participating in several roundtable discussions -- most recently at the White House (2023) alongside various federal Sr Leaders. She has contributed on topics such as the rippling impacts of child poverty, gun violence, emerging trends in child welfare

and children's behavioral health with stakeholders including: The Vice President of the United States Kamala Harris, US Education Secretary Miguel Cardona, US Health & Human Services Secretary Xavier Becerra and with members of CT's Congressional delegation thus far in her tenure.

Dorantes espouses a deliberately transparent, collaborative, and relational leadership approach which resulted in her successful ushering the state of Connecticut out of three decades of federal oversight. Dorantes characterizes exiting of the 32 year Juan F. Consent Decree as the evolution of consistent practice standards, continuous quality improvement and system accountability.

Connecticut's work in leadership development, strategic planning in racial justice, workforce, elevating voices of persons with lived expertise, sustained reduction in non-therapeutic congregate care placements through a kinship emphasis, best practice in child fatality review development incorporated in a safety science model and effective crisis communication are often highlighted in national webinars and conferences.

Commissioner Dorantes has been featured on NBC's **The Today Show** (<https://www.today.com/video/why-connecticut-s-foster-care-system-is-a-model-for-the-nation-150548037709>) and also as a subject matter expert on NBC's **Nightly News** (<https://www.nbcnews.com/nightly-news/video/fentanyl-deaths-in-young-children-on-the-rise-from-accidental-poisoning-164220485906>).

Commissioner Dorantes serves on The American Public Human Services Association (APHSA) Executive Governing Board and on the Child Welfare League of America, Inc. (CWLA) Board of Directors. Dorantes is a proud member of the Alpha Kappa Alpha Sorority, Inc. and The Links, Inc. which are two of the nation's oldest and largest volunteer service organizations.

COMMENCEMENT SPEAKER

Christopher Newell, BGS '14

Chris Newell (Passamaquoddy) (He/Him/His) is Co-Founder/Director of Education for Akomawt Educational Initiative, a majority Native-owned educational consultancy based in Connecticut. He was born and raised in Motahkmikuhk (Indian Township, ME) and a proud citizen of the Passamaquoddy Tribe at Indian Township. Chris's education career began immediately after high school as a substitute teacher during his time as an undergraduate at Dartmouth College. He is a longtime member of the Mystic River singers, an internationally acclaimed and award winning intertribal pow wow drum group based out of Connecticut. For over two decades, Chris devoted much of his time to Mystic River travelling all over the US and Canada singing at community pow wows and spending time in those communities learning various Native musics.

Chris earned an interdisciplinary Bachelor of General Studies degree from the University of Connecticut which propelled him back to educating as a profession. He served for six years as the Education Supervisor for the Mashantucket Pequot Museum and Research Center. Out of the museum, Chris and his museum colleagues co-founded the Akomawt Educational Initiative as a response to observations of the public school system and the lack of representation of Native history and social studies. Chris combines his music and education disciplines together and often makes presentations that educate, but also entertain. Chris was the Senior Advisor for the Emmy-

award winning documentary Dawnland and participant in the upcoming short documentary Weckuwapok: The Approaching Dawn chronicling a historic sunrise concert collaboration in 2021 with Wabanaki musicians/storytellers and 18-time Grammy-winning cellist Yo-Yo Ma.

In 2019, he was honored by the New England Museum Association with an Excellence Award for his collaborative efforts on the exhibit America Transformed: Mapping the 19th Century with the Norman B. Leventhal Map Center. He is a current board member for the New England Museum Association, the Tides Institute, and Maine Public, and serves on the New England Foundation for the Arts Advisory Council. From 2020 – 2021, Chris served as the first Wabanaki Executive Director for the Abbe Museum, Maine's only Smithsonian affiliate. He and the team at the Abbe led the effort to create Digital AMIM in 2020 in response to the global pandemic which earned Chris and the entire Abbe staff a 2020 NEMA Excellence Award. His dedication to this work goes back to his experiences at Dartmouth. He is a second-generation Native educator looking to change our world for the better

Chris is Tribal Community Member-in-Residence; Director of Education, Akomawt Educational Initiative – through the Native American Cultural Programs at the University Connecticut.

Janie Simms Hipp, J.D., LL.M

Janie Simms Hipp, J.D., LL.M was nominated by President Joseph R. Biden and subsequently confirmed by the United States Senate and is currently serving as the General Counsel for the United States Department of Agriculture (USDA). She is the first Native American woman to serve in that post in USDA's history.

Her legal career in agricultural law began in the 1980s serving as an advocate for farmers and ranchers during the farm financial crisis and has spanned. Ms. Hipp received an LL.M. in Agriculture Law from the University of Arkansas and was a professor of agricultural law and food policy for decades.

She served previously as National Program Leader at USDA

NIFA leading programs in agriculture risk management, farm financial management, trade adjustment assistance and the beginning farmer and rancher program and led the Risk Management Education Division within USDA RMA. She went on to serve Secretary Vilsack in the Obama-Biden administration as Senior Advisor for Tribal Relations and founded the USDA Office of Tribal Relations. She also founded the Indigenous Food and Agriculture Initiative and served as CEO of the Native American Agriculture Fund, the nation's largest philanthropic organization serving the needs of Native farmers and ranchers. She is a member of the Chickasaw Nation.

Rashaad Newsome

Rashaad Newsome is an extraordinary visual artist whose work emerges at the intersection of collage, assemblage, sculpture, film, video, animation, photography, music, computer programming, software engineering, community organizing, and performance. Using the diasporic traditions of improvisation, he pulls from the world of advertising, the internet, Art History, Black and Queer culture to produce work that challenges conventional narratives and representations. His work centers the richness of Black culture across many dimensions. He has a distinctive voice as an artist, and is one of the most compelling artists of our time.

Newsome has exhibited and performed in galleries, museums, institutions, and festivals throughout the world, including The Studio Museum in Harlem (NYC), The National Museum of African American History and Culture (DC), The Park Avenue Armory Drill Hall (NYC), The Whitney Museum (NYC), Brooklyn Museum (NYC), MoMAPS1 (NYC), Museum of the African Diaspora (SF, CA), SFMOMA (CA), New Orleans Museum of Art (LA), Centre Georges Pompidou (Paris), Hayward Gallery (London), CA2M Centro de Arte dos de Mayo (Spain), The Garage Center for Contemporary Culture (Moscow), and MUSA (Vienna). Newsome's work is in numerous public and private collections, including the Studio Museum in Harlem (NYC), Whitney Museum of American Art (NYC), The Brooklyn Museum of Art (NYC), The San Francisco

Museum of Modern Art (CA), The de Young Museum (CA), The Oakland Museum of California (CA), Los Angeles County Museum of Art (LA), McNay Art Museum (TX), Virginia Museum of Fine Arts (VA), The Chazen Museum of Art (WI), National Museum of African American History and Culture (DC) and The New Britain Museum of American Art (CT). In 2010 he participated in the Whitney Biennial (NYC), and in 2011 Greater New York at MoMAPS1 (NYC).

His many honors and awards for his work include the 2023 Somerset House Studios artist Residency, London, UK, 2022 Berkeley FILM Foundation grant, 2022 Prix Ars Electronica Golden Nica Award For Computer Animation, 2021 Knight Arts + Tech Fellowship, 2020/2022 Stanford Institute for Human-Centered Artificial Intelligence artist residency, 2020 Eyebeam Rapid Response Fellowship, a 2019 LACMA Art + Technology Lab Grant, a 2019 BAVC MediaMaker Fellowship, a 2018 William Penn Foundation Grant, the 2018/2019 Live Feed Creative Residency at New York Live Arts, a 2017/2018 Pollock-Krasner Foundation Grant, a 2017 Rush Arts Gold Rush Award, the 2016 Artist-in-Residence at the Tamarind Institute, NM, the 2014 Headlands Center for the Arts Visiting Artist Residency, a 2011 Louis Comfort Tiffany Foundation Award, a 2010 Urban Artist Initiative Individual Artist Grant, and a 2009 Rema Hort Mann Foundation Visual Arts Grant.

Talitha M. Washington

Dr. Talitha Washington is the inaugural Director of the Atlanta University Center (AUC) Data Science Initiative, a Professor of Mathematics at Clark Atlanta University and an affiliate faculty at Morehouse College, Morehouse School of Medicine, and Spelman College. She is the Director and lead principal investigator of the NSF-funded National Data Science Alliance (NDSA) and the President of the Association for Women in Mathematics. She works across Historically Black Colleges and Universities (HBCUs) to increase the number of Blacks with expertise in data science and expand data science research that advocates for social justice.

Washington is a former Program Director at the National Science Foundation (NSF) who worked in the Convergence Accelerator which is now in the Directorate for Technology, Innovation, and Partnerships (TIP). Previously, as a Program Director in the Division of Undergraduate Education, she was instrumental in building and establishing NSF's first Hispanic-Serving Institutions Program which funded \$40,000,000 in awards in FY19.

She was elected to honor societies Phi Beta Kappa and Sigma Xi, and mathematics honor societies Kappa Mu Epsilon and Pi Mu Epsilon. She is the recipient of the 2019 BEYA STEM Innovator Award, the 2019 Outstanding Faculty Award from Howard University, and the 2020 NSF Director's Award for Superior Accomplishment. She is a Fellow of the African

Scientific Institute (ASI), the American Mathematical Society (AMS), the Association for Women in Mathematics (AWM), and the American Association for the Advancement of Science (AAAS).

Dr. Washington completed her undergraduate studies in mathematics at Spelman College and studied abroad at the Universidad Autónoma de Guadalajara, Mexico. She earned her master's and doctoral degrees in mathematics from the University of Connecticut. She was a VIGRE Research Associate in the Department of Mathematics at Duke University. She held assistant professorships at The College of New Rochelle and the University of Evansville, an associate professorship at Howard University, and most recently, a full professorship at Clark Atlanta University.

Dr. Washington is an in-demand speaker who enjoys sharing her expertise on applied mathematics as well as STEM diversity to a wide range of audiences. Her work on Dr. Elbert Frank Cox, the first Black in the world to earn a PhD in mathematics, has been shared on radio and television stations, as well as in the Notices of the American Mathematical Society. Her research interests include the applications of differential equations to problems in biology and engineering, as well as the development of nonstandard finite difference schemes to numerically solve dynamical systems.

Trisha Bailey, a native Jamaican who was raised in East Hartford and now resides in Orlando, FL, is a 1999 graduate of UConn's College of Liberal Arts and Sciences. She also holds both an MBA and Ph.D. in organizational leadership. In addition to being an accomplished student-athlete, she also was involved with Student Support Service from 1995 to 1996.

Bailey used her UConn experience as the foundation for successful career as an entrepreneur. She founded several companies, including Bailey's Pharmacy, Bailey's Medical Equipment and Supplies, Bailey's Scrubs, Bailey's Real Estate,

Bailey's Ideal Choice Homes International Real Estate Division, Bailey Charitable Foundation, and Serenity Ranch.

In October 2022, Trisha committed a significant lead gift toward the construction of a state-of-the-art student-athlete performance and academic support center on the Storrs campus. The gift represents the largest cash contribution ever received from a UConn alumnus, and the largest gift dedicated specifically to UConn Athletics. In recognition, the facility will be named the Bailey Student Athlete Success Center.

Alfredo Quiñones-Hinojosa, M.D.

Dr. Alfredo Quiñones-Hinojosa, also known as “Dr. Q”, serves as the Monica Flynn Jacoby Endowed Chair of the Neurologic Surgery and is the James C. and Sarah K. Kennedy Dean of Research at Mayo Clinic Florida. He leads the Brain Tumor Stem Cell Laboratory, where he has been recognized with the distinction of the William J. and Charles H. Mayo Endowed Professorship.

Dr. Quiñones-Hinojosa earned his B.A. in psychology from the University of California– Berkeley and his M.D. from Harvard Medical School, where he graduated cum laude. He completed his neurosurgery residency and a postdoctoral fellowship in developmental and stem cell biology at the University of California, San Francisco. His career as a neurosurgeon started at Johns Hopkins University in Baltimore, where he was promptly named as Professor of Neurosurgery and Oncology and served as the director of the Brain Tumor Program.

Dr. Quiñones-Hinojosa’s practice focuses on the treatment of primary and metastatic brain tumors. He is a world-renowned leader in brain mapping techniques utilized to safely remove tumors close to eloquent brain regions and in minimally invasive endoscopic approaches required to operate on difficult-to- reach skull base tumors. Dr. Q uses his laboratory as an extension of the operating room, and together with his team of scientists, they look to better understand and elucidate multiple molecular drivers of brain cancer migration, invasion, metabolism, and determinants of the tumor microenvironment. He also performs translational and clinical research. For instance, Dr. Quiñones-Hinojosa team has one active clinical human protocol to maximize the extent of resection in the operating room and several approved protocols to conduct our work in rodents, primates, and humans. One of the other current clinical projects involves using mesenchymal stem cells for the treatment of glioblastoma.

Dr. Quiñones-Hinojosa has written seven books about brain cancer and neurosurgery that have been translated to multiple languages. He has published over 500 peer-reviewed publications and currently holds an H-index of 85. His research is supported by the National Institute of Health (NIH), where he also serves as reviewer in many NIH study sections such as the Clinical Neuroimmunology and Brain Tumors (CNBT).

Over the last 15 years, Dr. Quiñones-Hinojosa has mentored more than 300 post-graduate students and neurosurgery residents, who are currently working in prestigious institutions of the United States such as Harvard, Johns Hopkins, MD Anderson, UCSF, as well as other institutions around the world in Mexico, Spain, Panama, England, and many others.

Dr. Quiñones-Hinojosa has received many honors and awards in recognition of his work. He has been named one of the 101 most influential Hispanics in 2008, 2018, 2021 and 2022. He is the recipient of the Gary Lichtenstein Humanitarian Award and Neurosurgeon of the Year in 2014, and one of Mexico's most brilliant minds in the world by Forbes Magazine in 2015. Dr. Quiñones- Hinojosa is the recipient of the prestigious Charles B. Wilson Award granted by the Congress of Neurological Surgeons (CNS) in 2021 due to his meritorious career in neurosurgery, and also serves as the current International Vice-chair of the AANS/CNS Tumor Section.

Dr. Quiñones-Hinojosa has also received multiple honoris causa degrees from several institutions around the globe, including Southern Vermont College, Lackawanna College, Dominican University, University of Notre Dame, Loyola University, and others countries like Mexico, Ecuador, and Peru. Apart from his clinical and research activities. He is the co-founder and president of the non-profit organization Mission:BRAIN (Bridging Resources and Advancing International Neurosurgery; www.missionbrain.org) and a member of the executive committee of Voices Against Brain Cancer. He has also founded three companies to extend the reach of his discoveries to more patients and has filed more than 25 patents with the same purpose.

Dr. Quiñones-Hinojosa has published his inspirational autobiography, "Becoming Dr. Q," which verses on his journey from a migrant farmworker to a neurosurgeon. Part of Dr. Quiñones-Hinojosa life was included in the 2009 Peabody Award-winning ABC TV Series "Hopkins" and the 2021 EMMY/BAFTA Award-winning show "The Surgeons Cut", produced by the BBC/Netflix. Disney and Plan B Entertainment productions announced that his inspirational life story will also be featured in theaters.

A dual U.S. and Israeli citizen, Angrist taught at Harvard and the Hebrew University of Jerusalem before coming to MIT in 1996. Angrist received his B.A. from Oberlin College in 1982 and completed his Ph.D. in Economics at Princeton in 1989.

Angrist and his collaborators develop and study innovative ways to harness the power of natural experiments to answer important economic questions. These new econometric tools help social scientists and policy-makers discover the causal effects of individual choices and government policy changes. In dozens of empirical studies, Angrist explores the economics of education and school reform; the impact of social programs on the labor market; and the labor market effects of immigration, regulation, and economic institutions.

Angrist received the Sveriges Riksbank Prize in Economic Sciences in Memory of Alfred Nobel in 2021 (with Co-Laureates Guido Imbens and David Card). He is a Fellow of the American Academy of Arts and Sciences and the Econometric Society and has served on many editorial boards and as a co-editor of the *Journal of Labor Economics*.

In addition to scholarship and teaching, Angrist and Steve Pischke co-authored *Mostly Harmless Econometrics: An Empiricist's Companion* and *Mastering 'Metrics: The Path from Cause to Effect*. These texts are not only among the most widely seen in econometrics classrooms, but they're also surely the funniest. Through their books and their ongoing scholarship, Angrist and Pischke hope to bring econometric instruction out of the Stone Age.

COMMENCEMENT SPEAKER AND HONORARY DEGREE RECIPIENT

Renée W. Joskow, D.D.S., M.P.H.

Dr. Renée Joskow is a dentist and a medical epidemiologist who has dedicated her life to service and leading change. She has inspired others through teaching and mentoring and has provided high quality clinical care and public health expertise in the U.S. and abroad. Dr. Joskow holds the rank of Captain in the U.S. Public Health Service whose mission is “protecting, promoting, and advancing the health and safety of the Nation.”

Dr. Joskow graduated from Columbia University’s dual-degree Doctor of Dental Surgery and Master of Public Health program and completed both a hospital-based General Practice Residency and the National Institutes of Health (NIH) Dental Public Health Residency/ Intramural Fellowship. She spent the first half of her professional career integrating teaching, clinical care, and public health. As faculty and course director at Columbia University’s College of Dental Medicine and as an Attending Dentist at two hospitals, she cared for patients, taught, and mentored medical and dental students as well as residents. Concurrently, Dr. Joskow maintained a private dental practice in New York and founded a quality assurance and quality control consulting business working with several healthcare entities in the tri-state region.

After nearly 15 years in the academic, corporate, and clinical sectors, Dr. Joskow was commissioned in the U.S. Public Health Service (USPHS) at the Centers for Disease Control and Prevention in Atlanta, Georgia as an Epidemic Intelligence Service (EIS) Officer, or “disease detective”. After her EIS assignment, Dr. Joskow joined the Office of the Surgeon General where she served as the Medical Readiness Manager/Training and Education Chief for the USPHS Commissioned Corps, responsible for the training of over 6,100 physicians, dentists, nurses, pharmacists, scientists, and other health professionals. She went on to serve as a Senior Medical Epidemiologist and Program Manager in the

Department of Homeland Security’s Science and Technology Directorate. Dr. Joskow later returned to the NIH providing subject matter expertise and program management for a multi-million-dollar Clinical Translational Science Award research program to promote and accelerate the translation of scientific research discoveries into clinical practice and then community practice to improve health. Leveraging her diverse experience and depth of expertise, Dr. Joskow was then recruited to the Health Resources and Services Administration (HRSA), a federal agency in the U.S. Department of Health and Human Services, as their Chief Dental Officer. She spent 10 years at HRSA working across health disciplines and building public private partnerships to lead health care systems improvement, health professions training, and integration efforts. In 2021, she accepted a position as Special Advisor to the Director of NIH’s National Institute of Dental and Craniofacial Research (NIDCR). In addition, she was appointed as the inaugural Director of NIDCR’s new three-year Dental Public Health Residency and Research Fellowship Program and Acting Director of the Office of Science Policy and Analysis.

Throughout her years of service, Dr. Joskow has responded to environmental and infectious disease outbreaks and has led medical, dental, and public health response teams during natural and man-made disasters.

Dr. Joskow has been recognized with numerous awards and honors for her service, achievements, mentoring, and leadership including two Surgeon General’s Exemplary Service Medals. She holds leadership positions in numerous professional organizations and is a Diplomate of the American Board of Dental Public Health. Dr. Joskow is also a Fellow in the Academy of General Dentistry, the American College of Dentists, the International College of Dentists, and the New York Academy of Dentistry.

THE GRADUATE SCHOOL – DOCTORAL CEREMONY COMMENCEMENT SPEAKERS AND HONORARY DEGREE RECIPIENT

Mone Zaidi, MD, Ph.D.

Mone Zaidi graduated in medicine from King George's Medical College, India, and trained clinically at the Hammersmith Hospital, London, under the tutelage of Professor Iain MacIntyre, FRS, who discovered calcitonin. After obtaining a Ph.D. and M.D. from the University of London, Dr. Zaidi held faculty appointments for over 8 years, before he was recruited to Mount Sinai School of Medicine as Professor of Medicine and Founding Director of The Mount Sinai Bone Program. He is currently the *Mount Sinai Professor of Clinical Medicine* and Director of the Center for Translational Medicine and Pharmacology.

Dr. Zaidi has made groundbreaking discoveries on mechanisms of skeletal homeostasis in health and disease. These studies, spanning over 30 years, included the first description of calcium sensing in the osteoclast and the discovery that locally released nitric oxide acts to suppress bone cells. In 2003, Dr. Zaidi's group published the first evidence for a pituitary–bone axis, a breakthrough in physiology in which pituitary hormones could affect the skeleton directly. In two recent groundbreaking papers in *Nature*, he found that inhibiting FSH not only increased bone mass, but also reduced body fat and prevented neurodegeneration—in essence, laying a firm foundation for a single anti-FSH agent to treat osteoporosis, obesity and Alzheimer's disease.

This corpus of work was selected by *Nature Medicine* as one of eight “Notable Advances” in biomedicine for 2017 and was editorialized in *The New York Times*. Constituting a total of over 450 publications in journals, including *Cell*, *Nature* and *PNAS*, Zaidi's research has been funded continuously by the NIH. He was elected to the American Society of Clinical Investigation (2000), Association of American Physicians (2004), Interurban Clinical Club of which he is President (2004), the Practitioners' Society (the oldest medical society in the U.S.) (2016) and the Association of Professors of Medicine (2014). Zaidi was made Master of the American College of Physicians, received the Harrington Scholar–Innovator Award, elected as Fellow of the American Association of Advancement of Science and of the National Academy of Inventors, won the Austrian International Research Prize and the Special Recognition Award from the Association of Professors of Medicine, was bestowed upon with an Honorary Fellowship by the British Pharmacological Society, and is the recipient of five honorary doctorates. Dr. Zaidi currently serves as Deputy Editor for *eLife*, an HHMI–supported journal, where he leads the journal's medical sciences portfolio.

Nancy Naples, Ph.D., *Edward C. Marth Mentorship Award*

Nancy Naples is a professor of Sociology and Feminist Studies who is actively engaged in guiding graduate students through their interdisciplinary careers. Over the course of 20 years at UConn, Dr. Naples has mentored over 100 Ph.D. and MA students. Dr. Naples has held joint appointments throughout her entire academic career and thus many of her advisees come from fields other than Sociology. Dr. Naples' commitment to nurturing a generation of interdisciplinary scholars is further evidenced by her work to develop the Feminist Studies Graduate Certificate for WGSS, a program for which she then served as Coordinator and Advisor. Through these efforts, Dr. Naples' support of interdisciplinary

scholars in the academy goes far beyond the 100 students she directly mentored.

Dr. Naples' mentoring success comes from building a community of scholars who support each other through their career milestones, and where colleagues can find support and inclusion. She is committed to adding a diverse set of voices that will continue the work in the field. As one of her mentees shared, “When you are Nancy's student, she not only takes valuable time to support you, you become part of a network of support.”

Meysam Chorsi, *Student Speaker*

Meysam Chorsi is a Ph.D. candidate in mechanical engineering and has “by far one of the most acute research abilities and determination among the Ph.D. students,” states his nominator, Dr. Horea Ilies. Chorsi's scientific depth has been recognized by top journals, including *Science*, *Advanced Materials*, and *Proceedings of the National Academy of Science*. The top-notch quality of Chorsi's research is also evidenced by the fact that he is about to begin his postdoctoral studies at Stanford University, after having received offers from multiple professors.

Chorsi's abilities extend past academic publishing, he is more than an outstanding student researcher and colleague, he is a prolific inventor with multiple invention disclosures and patent applications, and a skilled mentor to other graduate students. His work produced the development of a biodegradable device for drug delivery into the brain. Chorsi also recently won the School of Engineering Poster Contest.

COMMENCEMENT

SCHOOL OF LAW COMMENCEMENT SPEAKER

Deborah N. Archer

Deborah N. Archer is president of the American Civil Liberties Union and an associate dean at the New York University School of Law, where she serves as co-director of clinical and advocacy programs, professor of clinical law, and co-faculty director of the Center on Race, Inequality and the Law.

Deborah was raised in Windsor, Connecticut, and is a graduate of Smith College and Yale Law School, where she was awarded the Charles G. Albom Prize. She clerked for Judge Alvin Thompson of the U.S. District Court for the District of Connecticut and served as a legal fellow at the ACLU and then as assistant counsel at the NAACP Legal Defense and Educational Fund, where she litigated cases involving voting rights, employment discrimination and school desegregation.

Before joining the NYU faculty in 2018, Archer was a faculty member at New York Law School for 15 years. Her teaching and scholarship focus on civil rights and racial justice, and she regularly shares her expertise with national media outlets. She has served on the Board of Directors of the American Civil Liberties Union since 2007, and in 2021 was elected president of the organization, the first person of color to hold that position.

She is also a former chair of the American Association of Law School's Section on Civil Rights and the Section on Minority Groups. She previously served as chair of the New York City Civilian Complaint Review Board, the nation's oldest and largest police oversight agency.

THE GRADUATE SCHOOL

Conferral of a degree is contingent upon verification that a student has completed all requirements.

DOCTOR OF EDUCATION

Rebecca Whitney Bissonnette, in Educational Leadership
Major Advisor: Casey D Cobb
Doctoral Dissertation: Addressing the Gender and Race Disparity in School Discipline Through the Use of Restorative Practices

David Christian Colberg, in Educational Leadership
Major Advisor: Rachael Gabriel
Doctoral Dissertation: A Case Study on Enhancing the Equity, Engagement, and Academic Achievement of Dyslexic Learners in Higher Education

Linda Therese Darcy, in Educational Leadership (August 24, 2022)
Major Advisor: Preston Green III
Doctoral Dissertation: The Nature of Race Discussions in the Classrooms of White Teachers

Megan Yvette Delaney, in Educational Leadership
Major Advisor: Saran Stewart
Doctoral Dissertation: Deconstructing Becky(s): A Phenomenological Study of White Women STEM Academic Advisor Beliefs and Values About BIPOC Students

Danielle Anne Derosa, in Educational Leadership
Major Advisor: H. Kenny Nienhusser
Doctoral Dissertation: Exploring Sense of Community for Undergraduate Women in Sport Management

Whitney Losapio, in Educational Leadership
Major Advisor: Jennie Weiner
Doctoral Dissertation: Striving for Clarity: Working Toward an Organizational Understanding of the Advisor Role from the Perspective of Professional Academic Advisors

Heather Kristina McDonald, in Educational Leadership
Major Advisor: Jennie Weiner
Doctoral Dissertation: Women's Leadership Self-Efficacy: A Case Study of Women in Higher Education Advancement

India Monroe, in Educational Leadership
Major Advisor: Casey D Cobb
Doctoral Dissertation: Evidence-Based Teaching Practices: What do Teachers Think?

David Darrell Peling, in Educational Leadership
Major Advisor: Casey D Cobb
Doctoral Dissertation: Factors Associated with High School Principals' Utilization of Educational Research in Connecticut: An Explanatory Study

Nathan D. Quesnel, in Educational Leadership (August 24, 2022)
Major Advisor: Casey D Cobb
Doctoral Dissertation: How Superintendents in High Need/Reform Districts Navigate Governance Relationships with School Board Members

Melissa Sieffert, in Educational Leadership
Major Advisor: Jennie Weiner
Doctoral Dissertation: The Barriers and Supports to Becoming Teachers for Non-Certified School Staff

Elizabeth E. Simison, in Educational Leadership (December 18, 2022)
Major Advisor: Douglas Kaufman
Doctoral Dissertation: "We're in the Mess Right Now": Studying the Sensemaking of Educators: An Exploration of Teachers' and Administrators' Responses to Mastery Learning

Elsie Marie Torres, in Educational Leadership
Major Advisor: Jennie Weiner
Doctoral Dissertation: Linking School Leadership and Student Learning

DOCTOR OF MUSICAL ARTS

Jinhwan Byun, in Music: Conducting
Major Advisor: Eric Rice, James D. Spillane
Doctoral Dissertation: A Study of Korean Diction for English Speaking Choral Conductors

Ching-Hung Chen, in Music: Performance
Major Advisor: Solomiya Ivakhiv, Eric Rice
Doctoral Dissertation: What You Should Know Before Choosing Violoncello Strings: The General Knowledge of Violin Physics and Interviews with String Manufacturers, Luthiers, and Cellists

Travis James Higgins III, in Music: Performance
Major Advisor: Louis R. Hanzlik, Jesus A. Ramos-Kittrell
Doctoral Dissertation:

Morgan Lee, in Music: Performance (August 24, 2022)
Major Advisor: Angelina Gadeliya
Doctoral Dissertation: Interdisciplinary Co-Creation: A New Creative Practice for Musicians

Jiale Andy Peng, in Music: Performance
Major Advisor: Solomiya Ivakhiv, Eric Rice
Doctoral Dissertation: Practice and Pedagogy for "Late-Beginning" Violin Students

Shelley A. Roberts, in Music: Performance (August 24, 2022)
Major Advisor: Peter M. Kaminsky, Constance J. Rock
Doctoral Dissertation: Modifying Traditional Singing-Based Protocols in Choirs for Adults with Parkinson's Disease

Brian Matthew Stevens, in Music: Conducting
Major Advisor: James (Jamie) Spillane
Doctoral Dissertation: A Study of Contrasting Elements Among the Early, Large-Scale, Choral-Orchestral Works of Fredrik Sixten Set in Historical Forms (2004-2015)

Lisa Taylor Williamson, in Music: Performance (August 24, 2022)
Major Advisor: Constance J Rock
Doctoral Dissertation: Songs of Cole and Johnson Brothers: Race, Genre, and the American Musical Marketplace, c. 1890-1914

DOCTOR OF PHILOSOPHY

Sama Abdulmalik, in Biomedical Engineering (August 24, 2022)

Major Advisor: Sangamesh G Kumbar

Doctoral Dissertation: Evaluation of the Potential Role of Exendin-4 to Promote Tendon Healing and Regeneration

Khaled Jassim Aboudahham, in Political Science

Major Advisor: Christine M Sylvester

Doctoral Dissertation: A Theory of the Forever War: How the Global War on Terror is Waged to Last

Michael Christopher Abramczyk, in Physics

Major Advisor: Thomas C. Blum

Doctoral Dissertation: Enhancing Statistics in Lattice Quantum Chromodynamics Using Low Modes

Tumilara Busayo Aderibigbe, in Nursing

Major Advisor: Ruth F Lucas

Doctoral Dissertation: Investigation of Genetic and Epigenetic Prolactin Receptor Variants on Perception of Breast and Nipple Pain and Lactation Insufficiency

Berihun Tefera Adugna, in Agricultural and Resource Economics (December 18, 2022)

Major Advisor: Boris E Bravo-Ureta

Doctoral Dissertation: Three Essays on Productivity in Ethiopian Agriculture

Ellen Cavanaugh Agnello, in Curriculum and Instruction: Reading Education

Major Advisor: Hannah M. Dostal

Doctoral Dissertation:

Pablo Agüero Barrantes, in Civil Engineering: Structural Engineering (August 24, 2022)

Major Advisor: Richard Christenson

Doctoral Dissertation: Advanced Testing and Monitoring of Transportation Structures toward Sustainable Infrastructure

Ben Kwasi Ahiadu, in Chemistry

Major Advisor: James F Rusling

Doctoral Dissertation: Liquid Chromatography-Mass Spectrometry (LC-MS/MS) Methods for Measuring Metabolite-derived P53 Gene Damage and RAS/KKS Metabolites

Sohaib Ahmad, in Computer Science and Engineering

Major Advisor: Benjamin Fuller

Doctoral Dissertation: Liquid Chromatography-Mass Spectrometry (LC-MS/MS) Methods for Measuring Metabolite-derived P53 Gene Damage and RAS/KKS Metabolites

Tasneem Ahmadullah, in Environmental Engineering

Major Advisor: Maria Chrysochoou

Doctoral Dissertation: Privacy leakages in biometric systems

Soojung Ahn, in Agricultural and Resource Economics

Major Advisor: Emma Bojinova, Sandro Steinbach

Doctoral Dissertation: Evaluation of Reaction Kinetics in Chemical Soil Stabilization

Zhexu Ai, in Business Administration: Finance

Major Advisor: Assaf Eisdorfer

Doctoral Dissertation: Food Security and Livelihoods in the Face of Crisis: Examining the Impacts of COVID-19 and Distant Water Fleet Operations

Mohammed G. Albayati, in Mechanical Engineering: Thermal and Fluid Sciences

Major Advisor: Amy Thompson

Doctoral Dissertation: Three Essays on Financial Distress, Earnings Management, and CEO Behavioral Bias

Dominic Kerner Albino, in Economics

Major Advisor: Mike Shor

Doctoral Dissertation: Model-Based Systems Engineering and Digital Engineering for the System Lifecycle: Integrating Manufacturing and Sustainment Stages with the Engineering Design and Development Stage

Faisal Ibrahim Algosair, in Economics

Major Advisor: Kanda Naknoi

Doctoral Dissertation: Three Essays on Monetary Policy in Resource-Dependent Economies

Prince Addo Allotey, in Statistics

Major Advisor: Ofer Harel

Doctoral Dissertation: Modeling Incomplete Spatially Correlated Survival Data

Abdulmajeed Saeed A. Almalki, in Electrical Engineering: Electronics and Photonics

Major Advisor: Faquir C Jain

Doctoral Dissertation: Simulation of Propagation Delay in Multi-bit SWS-FET based Inverters and SRAMs

Batool Almasri, in Nursing

Major Advisor: Deborah McDonald

Doctoral Dissertation: Development of Barriers and Facilitators of Chronic Cancer Pain Self-management Instrument: A Mixed Method Study Proposal

Abdulmohsen Almuhsen, in Economics

Major Advisor: Delia B Furtado

Doctoral Dissertation: Three Essays on the Impacts of Immigrants on Natives

Anhar Saad Aloufi, in Statistics

Major Advisor: Nitis Mukhopadhyay

Doctoral Dissertation: Theory and Methodologies of Multi-Stage Estimation for Comparing Locations Parameters from Two Negative Exponential Populations and Illustrations with Data Analysis

Brandon Charles Alveshere, in Natural Resources: Land, Water, and Air
Major Advisor: Robert T Fahey
Doctoral Dissertation: Influences of moderate severity disturbance and management on forest canopy structure and complexity

Asanka Malinda Amarasinghe Arachchige, in Physics (August 24, 2022)
Major Advisor: Philip D Mannheim
Doctoral Dissertation: Cosmological Perturbation Theory in Standard Gravity and Conformal Gravity

Omar Amer, in Computer Science and Engineering (August 24, 2022)
Major Advisor: Walter Oliver Krawec
Doctoral Dissertation: Towards Practical Quantum Key Distribution

Matthew David Antel, in Biomedical Science: Cell Biology (August 24, 2022)
Major Advisor: Mayu Inaba
Doctoral Dissertation: Functions of Interchromosomal Interactions During Stem Cell Differentiation

Liya Anto, in Nutritional Science (August 24, 2022)
Major Advisor: Christopher Neal Blesso
Doctoral Dissertation: The Effects of Polar Lipids Derived from Diet and Gut Bacteria on Cardiometabolic Disease Risk Factors and Gut Microbiome

Samantha Elizabeth Apgar, in Ecology and Evolutionary Biology
Major Advisor: Chris Elphick
Doctoral Dissertation: Nest Flooding Adaptations and Conservation of Four Sympatric Tidal Marsh Bird Species

Mohamadreza Arab Baferani, in Electrical Engineering
Major Advisor: Yang Cao
Doctoral Dissertation: Novel Nanodielectrics for High-Voltage/Medium-Voltage Direct-Current Cable Insulation

Monika Arbaciauskaite, in Chemical Engineering (August 24, 2022)
Major Advisor: Yongku P Cho
Doctoral Dissertation: The Development and Implementation of a Novel Yeast Biopanning Method for Screening Phosphorylation-Site Specific Antibodies

Karla Arias, in Chemistry (August 24, 2022)
Major Advisor: Fotios Papadimitrakopoulos
Doctoral Dissertation: The Self-Assembly of Flavin Mononucleotide Supramolecular Nanostructures in Aqueous Media

Md. Tanvir Alam Arman, in Mechanical Engineering: Thermal and Fluid Sciences
Major Advisor: Ugur Pasaogullari
Doctoral Dissertation: Advanced Structured Electrodes for Electrochemical Systems

Tracey Cheryl Arnold, in Nursing
Major Advisor: Carol Polifroni
Doctoral Dissertation: A Mixed Methods Exploration of Compassion Satisfaction, Compassion Fatigue, and Emergency Nurses' Caring Ability

Luisa Fernanda Arrieta Fernández, in History (August 24, 2022)
Major Advisor: Mark A Healey
Doctoral Dissertation: Struggles for Appearance: Afro-descendants and the Visual Technologies of Citizenship in Colombia, 1880-1910

Erdal Asker, in Economics (August 24, 2022)
Major Advisor: Stephen L Ross
Doctoral Dissertation: Non-Labor Market Impacts of Human Capital Investment

Adewole Olufunso Atoyebi, in Chemistry (August 24, 2022)
Major Advisor: Christian Brueckner
Doctoral Dissertation: Novel Methodologies toward Freebase and Metalloporphyrinoids

Quinn C Austermann, in Educational Psychology: Giftedness, Creativity and Talent Development and Special Education
Major Advisor: Sally Reis Renzulli
Doctoral Dissertation: Characteristics of College Bound Students with Autism: A Multiple Case Study

Cristian Jose Aviles-Martin, in Chemistry
Major Advisor: Eugene Pinkhassik
Doctoral Dissertation: A study on the effects of On-Demand Electron Transfer on Polymer Syntheses and Redox Catalytic Behaviour of 1,2,3-Triazole Derivatives

Guleid Musa Awale, in Chemical Engineering (August 24, 2022)
Major Advisor: Cato Laurencin
Doctoral Dissertation: Harnessing Cyclic AMP Signaling for Bone Regenerative Engineering

Kaitlynn Marie Ayers, in Chemistry (December 18, 2022)
Major Advisor: Gael W. Ung
Doctoral Dissertation: Developing Visible and Infrared Luminescent Lanthanide Complexes for Circularly Polarized Luminescence and Catalytic Photochemical Processes

Olusegun Babajide Babaniyi, in Biomedical Science: Genetics and Developmental Biology (December 18, 2022)
Major Advisor: Jonathan M Covault
Doctoral Dissertation: Modelling Acute and Chronic Glucocorticoid Response in Stem Cell-derived Human Neural Cultures

Jan Henric Taduran Bacurio, in Chemistry
Major Advisor: Ashis K Basu
Doctoral Dissertation: Translesion Synthesis of Single and Tandem Oxidative Lesions (Fapy-dG and 8-OxodG) and Bulky DNA-peptide Crosslink (DpC) by E11karyotic DNA Polymerases

Dhvani Amrit Badwaik, in Business Administration: Management
Major Advisor: David Souder
Doctoral Dissertation: Three Essays on Time Horizon in Corporate Resource Allocation

Jun Bai, in Computer Science and Engineering
Major Advisor: Sheida Nabavi
Doctoral Dissertation: Developing Deep Learning Methods for Biomedical Image Analysis

Dylan Baker, in Biomedical Science: Neuroscience (December 18, 2022)
Major Advisor: George A Kuchel, Paul Robson
Doctoral Dissertation: Resolution of Cellular Heterogeneity in Bladder Aging and Cancer

Mohammed Amin Barajaa, in Biomedical Engineering
Major Advisor: Cato Laurencin
Doctoral Dissertation: Regenerative Engineering Using Novel Hydrogel-based Skeletal Muscle Constructs: from Conception to Regeneration

Eric Abraham Baron, in Statistics
Major Advisor: Ming-Hui Chen
Doctoral Dissertation: Bayesian Divide-and-Conquer Methods for Leveraging Real-world Data in Clinical Trials

Taylor Barr, in Psychological Sciences: Industrial and Organizational Psychology
Major Advisor: Vicki J Magley
Doctoral Dissertation: Empirical Assessment of Individual Stress Interventions: What Works Best?

Phillip Barron, in Philosophy (August 24, 2022)
Major Advisor: Lewis Gordon
Doctoral Dissertation: Distributed Identity

Arlene Pineda Bartolome, in Chemistry
Major Advisor: Yao Lin
Doctoral Dissertation: Preparation of Catalytic Protein-Polymer Hybrids using Tag-Proteins and Multi-arm PEG Linkers thru Bioconjugation Chemistry

Dharma Raj Basaula, in Physics
Major Advisor: Serge M Nakhmanson
Doctoral Dissertation: Mesoscale Studies of Thermoelectric Materials

Ilona Mathilda Maria Bastiaansen, in Business Administration: Accounting
Major Advisor: Alina Lerman
Doctoral Dissertation: Bankruptcy Spillover Effects

Alexandria Sheain Battison, in Physiology and Neurobiology: Neurosciences (August 24, 2022)
Major Advisor: Joseph J Loturco
Doctoral Dissertation: Antibody-Based Proximity Labeling Identifies Local Neuron Proteomes in the Mouse Neocortex

Leah A. Begg, in English
Major Advisor: Wayne Franklin
Doctoral Dissertation: The Greening of American Literary Regionalism, 1823-1920

Shamayeta Bhattacharya, in Geography (August 24, 2022)
Major Advisor: Debarchana Ghosh
Doctoral Dissertation: SHAKTHI: Studying Healthcare Accessibility among Kothi, Transgender and Hijra Individuals

Srawan Kumar Bishnoi, in Statistics (August 24, 2022)
Major Advisor: Nitis Mukhopadhyay
Doctoral Dissertation: A General Class of Asymptotically Second-Order Efficient Purely Sequential Strategies and Optimality

Jaime Elizabeth Blackmon, in Psychological Sciences: Clinical Psychology (August 24, 2022)
Major Advisor: Dean G Cruess
Doctoral Dissertation: Holistic Evaluation of Anxious Adults and their Relationship to Trauma (HEART) Study: Part 2

Marina Anatolyevna Bleiler, in Molecular and Cell Biology: Cell and Developmental Biology
Major Advisor: Charles A Giardina
Doctoral Dissertation: Regulation of 53BP1 in mitotically stressed cancer cells

Jean Bray, in Chemistry (August 24, 2022)
Major Advisor: Mark W Peczuł
Doctoral Dissertation: Synthesis of siderophore Trojan Horse Molecules: Towards Preacinetobactin and Aerobactin Analogs

Nicole Alexis Breault, in History (August 24, 2022)
Major Advisor: Cornelia H Dayton
Doctoral Dissertation: The Night Watch of Boston: Law and Governance in Eighteenth-Century British America

Thomas Andrew Bregnard, in Biomedical Science: Molecular Biology and Biochemistry (August 24, 2022)
Major Advisor: Irina Bezsonova
Doctoral Dissertation: The Connection Between Structural Zinc Coordination and Protein Function: PML and UBE3A

Kelly Brewer, in Biomedical Science: Genetics and Developmental Biology (August 24, 2022)
Major Advisor: Andrew Arnold
Doctoral Dissertation: Investigation of Candidate Molecular Drivers of Parathyroid Tumorigenesis

Thomas William Henry Briggs, in Political Science (August 24, 2022)
Major Advisor: Christine M Sylvester
Doctoral Dissertation: Before Bananas, Beaches and Bases: Where are the women in IR history before the 1980s?

Sarah Katherine Brisson, in Geological Sciences: Geology
Major Advisor: Andrew Bush
Doctoral Dissertation: Extinction Selectivity and Paleocological Change Associated with the Frasnian-Famennian Extinction Event

Stephanie Renee Barnes Brown, in Animal Science: Food Microbiology and Safety
Major Advisor: Dennis D'Amico
Doctoral Dissertation: Antimicrobial Interventions for the Control of *Listeria monocytogenes* in Cheese and their Impact on Virulence

Michelle Marie Bruneau, in Kinesiology: Exercise Science
Major Advisor: Laurie L Devaney
Doctoral Dissertation: Comparison of Changes in Running Biomechanics in an Overground vs Treadmill Distance Run

Julia Brush, in English
Major Advisor: V. Penelope Pelizzon
Doctoral Dissertation: " State/Less Aesthetics: Queer Cartographies, Transnational Terrains, and Refugee Poetics. "

Jason Thomas Buck, in Chemistry (August 24, 2022)
Major Advisor: Tomoyasu Mani
Doctoral Dissertation: Exploration of Magnetic Field Effects and Intramolecular Parameters Affecting Spin Correlated Radical Pairs in Molecular Systems

Cassidy Joan Burt, in Psychological Sciences: Social Psychology (August 24, 2022)
Major Advisor: Kerry L. Marsh
Doctoral Dissertation: System Change through Place-based Intervention: An Evaluation of Community Interventions through an Ecological Perspective

Danielle Marie Caefor, in Physiology and Neurobiology
Major Advisor: Daniel Schwartz
Doctoral Dissertation: The use of phosphoproteomic methods to identify mutations in neurodevelopmental disease that rewire kinase substrate specificity

Sercan Canbolat, in Political Science
Major Advisor: Stephen B Dyson
Doctoral Dissertation: Do Middle Eastern Leaders Lean from Political Crises? Empirical Evidence from the Post-2011 Arab Uprisings Era

Marco Carfagnini, in Mathematics (August 24, 2022)
Major Advisor: Maria Gordina
Doctoral Dissertation: Analysis and Geometry of Path Spaces

Christina Carlone, in Psychological Sciences: Clinical Psychology (August 24, 2022)
Major Advisor: Stephanie Milan
Doctoral Dissertation: Validation of the Parental Reflective Functioning Questionnaire Across Samples of Varying Clinical Risk

Kerry Carnahan, in English (August 24, 2022)
Major Advisor: V. Penelope Pelizzon
Doctoral Dissertation: "A star residing in its own death": Toward a Critically Intimate Song of Songs

Lauren Megan Carney, in Psychological Sciences: Clinical Psychology (August 24, 2022)
Major Advisor: Crystal Park
Doctoral Dissertation: Effectiveness and Moderators of Four Component-Based Brief Mindfulness Interventions

Alexandra Ann Cascio, in Educational Psychology: School Psychology
Major Advisor: Lisa M.H. Sanetti
Doctoral Dissertation: Alleviating Stress and Cultivating Positive Well-being in Early-Career Elementary School Teachers through the Implementation of the ACHIEVER Resilience Curriculum

Katherine Theresa Cavanaugh, in Chemistry
Major Advisor: Amy R Howell
Doctoral Dissertation: Late-Stage Modification and Diversification of α -Galactosylceramide Analogs

Pietro Cerrone, in Linguistics
Major Advisor: Andrea Calabrese, Jon R. Sprouse
Doctoral Dissertation: Italian Clitic Left Dislocation and A'-movement: an Experimental Investigation

Zhaojie Chai, in Mechanical Engineering: Dynamics and Control (December 18, 2022)
Major Advisor: George Lykotrafitis
Doctoral Dissertation: The Periodic Axon Membrane Skeleton Effect on Axonal Deformation Mechanisms and Action Potential Propagation

Xiaolin Chang, in Statistics
Major Advisor: Ming-Hui Chen
Doctoral Dissertation: Bayesian Methods for Analyzing ADNI Longitudinal Biomarkers and Time-to-event Data

Sian Charles-Harris, in Curriculum and Instruction: Secondary Education: English Education (December 18, 2022)
Major Advisor: Dorothea Anagnostopoulos
Doctoral Dissertation: Playing in the Shadow of Euromodernity: English Education, Race and the Coloniality of Being/Power/Truth/Freedom 2000-2021

Aniruddha Chattaraj, in Biomedical Science: Systems Biology (August 24, 2022)
Major Advisor: Leslie M Loew
Doctoral Dissertation: Biophysical Rules of Multivalent Molecular Clustering and Their Implication in Biomolecular Condensate Formation

Majid Hassan Munir Chauhdry, in Electrical Engineering: Information, Communication, Decision, and Biosystems
Major Advisor: Peter B Luh
Doctoral Dissertation: Nested Partitioning and Global Convergence of Population Distribution-based Methods for Nonconvex Optimization

Jennifer Chung Chen, in Biomedical Science
Major Advisor: George Weinstock
Doctoral Dissertation: Uncovering interactions of the gut microbiome with the immune system in the context of immune checkpoint inhibitor

Jianmin Chen, in Statistics
Major Advisor: Kun Chen
Doctoral Dissertation: Tree-Guided Rare Feature Selection and Logic Aggregation

Jingyun Chen, in Economics
Major Advisor: Ling Huang
Doctoral Dissertation: Three Essays on Sustainability: Transportation, Energy and Emission

Jiangce Chen, in Mechanical Engineering: Applied Mechanics
Major Advisor: Horea T Ilies
Doctoral Dissertation: Non-uniform Disjoint Ball Decomposition: Formulations and Applications in Engineering Design and Manufacturing

Shuai Chen, in Electrical Engineering: Electronics and Photonics
Major Advisor: Lei Wang
Doctoral Dissertation:

Hongfei Chen, in Ecology and Evolutionary Biology (August 24, 2022)
Major Advisor: Yaowu Yuan
Doctoral Dissertation: The Genetics of Pollination Syndrome Evolution in Monkeyflowers (*Mimulus*)

Shiyi Chen, in Economics (August 24, 2022)
Major Advisor: Delia B Furtado
Doctoral Dissertation: Three Essays on Marriage, Work, and Affirmative Action

Megan Chiovaro, in Psychological Sciences: Ecological Psychology
Major Advisor: Alexandra E. Paxton
Doctoral Dissertation: Action coordination and group efficiency: An investigation of context and constraints in goal-directed, division-of-labor tasks

Mey-Sam Chorsi, in Mechanical Engineering: Dynamics and Control
Major Advisor: Horea T Ilies, Kazem Kazerounian
Doctoral Dissertation: Nanoengineered Biomolecular Machines for Power Generation

Sudipta Chowdhury, in Civil Engineering: Transportation and Urban Engineering (August 24, 2022)
Major Advisor: Jin Zhu
Doctoral Dissertation: A Complex System Approach for Post-Disaster Infrastructure Restoration Modeling

Christos Christopoulos, in Linguistics (December 18, 2022)
Major Advisor: Jonathan Bobaljik, Andrea Calabrese
Doctoral Dissertation: Diagnosing Word Structure: The Greek Verb From the Bottom Up

Hyunjung Chung, in Pathobiology: Virology (August 24, 2022)
Major Advisor: Dong-Hun Lee
Doctoral Dissertation: Inferring Evolutionary and Transmission Dynamics of Avian Influenza Viruses using Whole Genome Sequences and Epidemiologic Data

Alyssa Clark, in Human Development and Family Sciences
Major Advisor: Eva S Lefkowitz
Doctoral Dissertation: Sexual and Affectionate Behavior in Adult Romantic Relationships

Bradley Steven Clarke, in Physics (August 24, 2022)

The official seal of the University of Connecticut depicts the ancient and mighty oak. Beautiful and sacred, the venerable oak symbolizes wisdom, longevity and hospitality. To Aristotle, the oak represented human potential.

The oak holds a special place in Connecticut's history. In a time long before statehood, the Connecticut colony's self-governing status was guaranteed by a charter issued by King Charles II of England. When, in 1687, his successor King James II attempted to reinstate the monarchy's authority, the Crown's emissary's efforts were foiled as the Royal Charter was secretly spirited to a temporary hiding place—a majestic oak in Hartford, forever after known as the Charter Oak. The oak became a symbol of freedom worldwide.

The oak has unique meaning for the University as well. In 1884, the commencement exercises of the second graduating

class of the Storrs Agricultural School were held in an oak grove on the Storrs campus. This grove, long a favorite gathering place for a variety of open-air meetings, served as the spiritual home to the growing community of scholars.

The University of Connecticut's graphic interpretation of the oak is a stylized synthesis of two acorns and three oak leaves, representing maturation, intellect and moral strength. The seal is the symbol of a large and diverse institution; it is used by all of the University's schools, colleges, regional campuses, professional schools and UConn Health. It communicates the broader mission of the University as a center for the pursuit, the creation, and the sharing of knowledge. The University of Connecticut, like the mighty oak, is rooted in a proud past and reaches toward a limitless future.
